Our Story

Founded in 2002, our family-owned business originally specialized in crafting high-quality interior and exterior passage doors. Renowned for our attention to detail and superior design, we quickly established ourselves as leaders in the woodworking industry. In 2010, we ventured into the luxury RV market, producing intricately designed cabinet doors. By 2022, we recognized the growing demand for quality and affordability in both residential and commercial sectors, prompting us to expand into the production of top-tier custom cabinets. Committed to excellence, we also launched a line of premium ready-to-assemble (RTA) cabinets. Made from 5/8" cabinet-grade plywood, our cabinets redefine industry standards for durability and aesthetic appeal, showcasing our ongoing commitment to outstanding craftsmanship.

Our Product

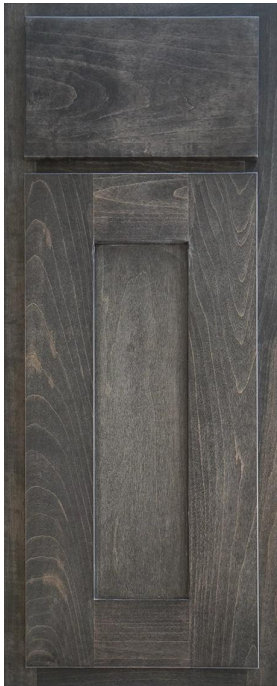

1. The backbone of our cabinets, our 5/8-inch cabinet-grade plywood ensures durability and long-lasting strength. This distinguishes our cabinets from the pressboard varieties commonly found in the market, offering you a higher standard of quality.
2. Elevate your kitchen experience with the seamless integration of soft-close technology in both our drawer slides and door hinges. Our undermount drawer slides ensure each drawer closes softly and silently, offering ease of use and efficient storage. Similarly, our soft-close door hinges eliminate the disruption of slamming doors, allowing for a gentle and quiet closure. These features add a touch of luxury to your everyday kitchen use, making your interactions with Rigel Cabinetry's products as pleasing as they are practical.
3. The face frames of our cabinets are made from 3/4-inch solid hardwood, providing a robust and sturdy framework that enhances both the durability and aesthetic appeal of our designs.
4. Our RTA cabinets simplify installation without sacrificing quality. Utilizing the PEANUT® system, we ensure easy and secure assembly, enhancing both convenience and durability.

We believe in treating our customers the way we would want to be treated. This philosophy drives our commitment to delivering an unmatched Rigel Experience. We invest heavily in documentation at every step. Coupled with our online resources and dedicated installation support, we aim to make your journey with us as seamless and informative as possible. Our unwavering dedication to service ensures that every interaction with Rigel Cabinetry is both enriching and supportive.

Door Collection

Dive into a world of elegance and distinction with our meticulously crafted custom door styles, designed to enhance any décor. Whether you're drawn to the timeless charm of the Classic, the sleek sophistication of the Modern, or the cozy allure of the Cottage style, our range promises something uniquely fitting for your taste and lifestyle.

Drawer Box Options

Choose the perfect foundation for your storage with our two distinct drawer box options, each designed to offer both aesthetic appeal and enduring strength.

Dovetailed

Plywood

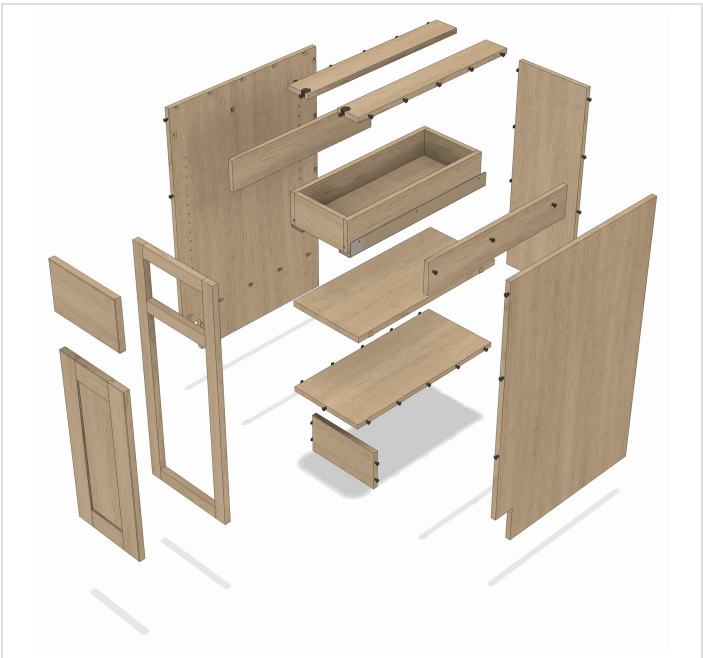

Whether you opt for the streamlined simplicity of our standard boxes or the bespoke elegance of our dovetail alternatives, our drawer boxes are built to last, offering both beauty and functionality in every slide.

Assembled vs RTA

Our cabinets are available in two convenient options: Assembled and Ready-to-Assemble (RTA). The Assembled option comes fully constructed, ready for immediate installation, while the RTA option is designed for easy assembly, providing a cost-effective solution without compromising on quality.

Assembled

RTA

Both options are crafted with the same high-quality materials and attention to detail, ensuring that you receive a product that meets our rigorous standards of excellence.

EXCEPTIONAL VALUE WITHOUT COMPROMISE

We deliver premium kitchen cabinets at prices that outperform the big box stores by up to 51%. Our data speaks for itself - while maintaining all the quality features you expect.

THE RIGEL ADVANTAGE

- Save compared to national retailers
- All-Plywood Construction - no particle board shortcuts
- Dovetail Drawer Boxes for superior durability
- Soft-Close Hinges standard on every cabinet
- Cabinet Doors with mortise & tenon craftsmanship
- Salice Drawer Slides for premium performance on every opening
